**Jeanette Bain-Burnett,  
Executive Director Policy and Integrity**

# Uniting the Movement

## Our vision is clear

We want everyone in England regardless of age, background or level of ability to feel able to engage in sport and physical activity

## Place Commitment

£250m over next 5 years (to March 2028) to **expand** our place partnerships to up to 80 additional places via the network of people in our existing LDPs and Active Partnerships alongside a **universal offer** that all places can benefit from and **deepening** in the existing pilot areas.

Delivering impact against our 4 key outcomes:

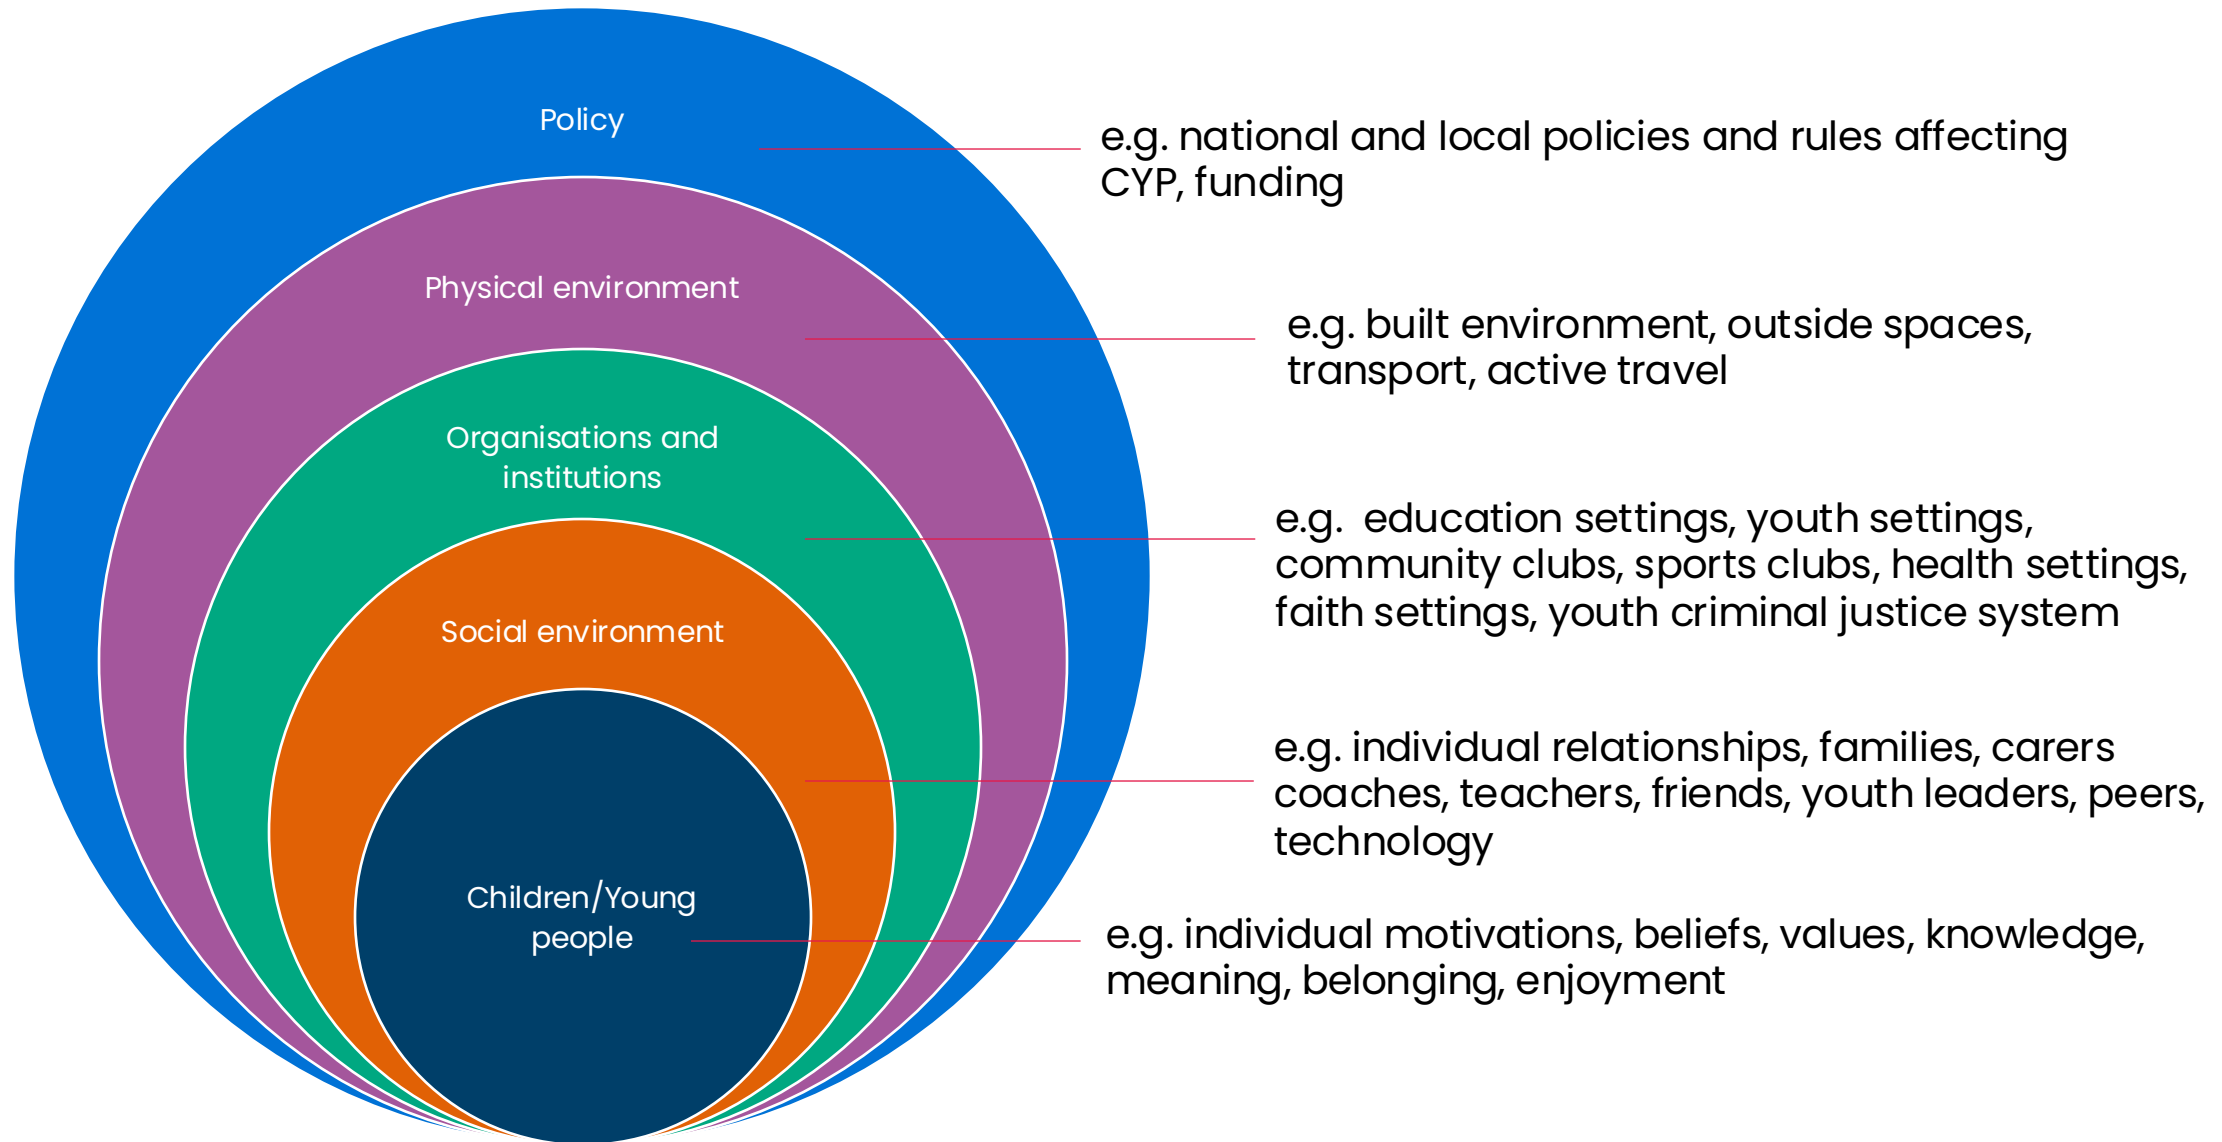

- Increasing Activity
  - Decreasing Inactivity
  - Tackling Inequality
  - Providing positive experiences for children and young people
-

# Positive Experiences for Children and Young People

We want **every** child and young person to experience the **enjoyment** and **benefits** that being active can bring. Their **needs, expectations** and **safety** should come first in the design and delivery of activity

# We know that there are many parts of the 'system' that exert influence over children and young people's activity levels

**We want every child and young person to experience the enjoyment and benefits that being active can bring**

***What's my most powerful next move to make this a reality?***
